WORK EXPERIENCE

Fullstack Developer – QFISH

Fullstack Developer – QFISH

Remote, Sweden — Jun 2024 – Present

- Built R&D software tools and full-stack web apps in Agile–Scrum.
- Worked on AI-driven data processing and scalable architectures. Mobile Application Developer – Tunisie T'el'ecom Tunis, Tunisia — Jul–Aug 2023
- Developed Android app in Java/XML with backend logic and UI/UX features.

EDUCATION

Ibn Khaldoun High School — Baccalaureate in Mathematics

2022–2027

PROJECT

NMR-GA — Python, Genetic Algorithms

- Python-based toolkit using genetic algorithms to analyze NMR spectra and estimate substance concentrations. LabTrack Pro — FastAPI, Svelte
- Laboratory order management system with role-based authentication, WebSocket chat, email notifications, and order tracking. S'er'enit'e Analytique — C++, Qt, Arduino, Oracle DB
- Desktop application for smart system management and auditing, integrated with Arduino and Oracle database. Alemni — PHP, JavaScript
- Educational platform with course management, authentication, PDF downloads, and AI chatbot. Environmental Monitoring for Respiratory Health — PIC
- Air quality monitoring system using PIC16F877 with hazardous gas detection and alerts. Nutrifit — FlutterFlow
- Cross-platform mobile app for personalized nutrition and fitness tracking. Tbibi — Symfony, JavaFX
- Medical consultation and appointment platform with Google Meet integration.

SKILLS

Web Development: JavaScript (React, Angular, Svelte), Python (FastAPI), PHP (Symfony), Java (Spring Boot),

- web apps), C# (web apps), HTML/CSS, Shell Scripting
- Mobile Development: Java (Android), Dart (Flutter, FlutterFlow)
- Databases: SQL: MySQL, Oracle NoSQL: MongoDB, Neo4j
- Desktop / GUI: C++ (Qt), Java (JavaFX)
- Cloud & DevOps: Azure, AWS (basics), Docker, Kubernetes, Jenkins, CI/CD, DevOps practices
- Data & AI: Genetic Algorithms, Pytest, BDD Testing
- Embedded Systems: Arduino, PIC Microcontrollers
- Methodologies & Tools: Agile, Scrum, Git, GitHub, MySQL Workbench
- Operating Systems: Linux (Ubuntu), Windows
- Languages
- Arabic (C2) | English (C1) | French (B2)
